Dodson's Bay Company DRAYTON VALLEY

From Scoop's Notebook

Back at work with Buchholtz Construction is foreman Alfred Lodwig. Alfred and his family left for a visit to their native Germany on December 17th and returned the first of February.

They reported that it rained, rained and then the rained some more during their visit to the Old Country. They went across the top of the world, taking the C. P. A. Polar route flight from Edmonton to Amsterdam, Holland, and thence to their former home city of Bremen.

.....

QUESTION: If Beth "Babe" Brown goes to work in Calgary can Lucy be far behind?
ANSWER: Apparently not, since sister Lucy is heading for that mid-Alberta metropolis come this month-end.

FORECAST: Masculine temperatures will rise in Calgary.

.....

Spending the weekend back in Pembina Drug was former employee Mis s Shirley Engert. Shirley is now a Pharmacy student in U. of A.

.....

M rs Lpok's son, Edward Boodle, visited his mother at Violet Grove recently. Mr Boodle was in the process of a transfer from McMurray to Slave Lake in his employment with the Forestry Service.

.....

We read recently that Homer Beasley, whom many saw perform so superbly in the ring at the Dominion Boxing Finals held in Drayton Valley last May had been awarded a national trophy as the outstanding Indian athlete of the year.

.....

FUNNING IN D.V. DEPT:
Someone has said , "A Pun Is The Lowest Form of Humor"...If such be the case surely the nadir all humor are the puns that Lions Club bulletin editor Dunc Larlelestier slyly slips into the monthly bulletin every once and anon, Where he finds them or if he fabricates them we do not know.

Most recent Larelestierism is the one in the last Lions bulletin:
"A warning to all hunters and fishermen with the club, don't buy a Tates compass. They are supposed to be very unreliable; the report being that he who has a Tates is lost"

Which reminds us of one of our own puns which we have long felt to be the zenith of its kind: Overhearing a couple of fellows speaking on the merits of various housewarming fuels one of them said, that he believed oil was the best fuel. Which prompted us to interject with: "Evidently then, there is no fuel like an oil fuel"

(Now we can go to bed happy since we have finally got that one off our chest)

.....

THE Editor's Viewpoint

Highways Minister Gordon Taylor recently advocated that speed limits be raised. Speaking as a member of a panel discussion the social and econo mic aspects of highway mishaps Mr. Taylor said, "The thinking that speed in itself is hazardous is not well founded. I'm convinced that 70 miles an hour on a well-constructed highway in a modern vehicle is not out of line.

In my view this would not increase accidents, but would reduce them."

Mr. Taylor was quite correct in that statement we believe. One of the most common gaules of highway accidents, particularly at night is "Highway Hypnosis" when sleepiness causes drivers to doze momentarily, but just long enough to cause deadly accidents. Many things contribute to this deadly sleepiness which attacks practically all drivers on the highway, to some extent or other, even though they may have had a good night's sleep the night before. The steady humming of the motor and the humming of the tires on the pavement are contributing factors. However, the tendency toward sleepiness is far worse when traveling at night at relatively slow speeds, particularly on good highways where there is little to hold the drivers attention. It has been found that a driver travel ing at higher speeds is more alert and attentive and is far less subject to highway induced sleepiness that those travelling at slower speeds. Certainly the seventy miles an hour, whether by day or by night on our better Alberta highways is not too fast for safety. In fact the increased speed would, as Mr. Taylor said, have a tendency to reduce a accident, rather than to increase them, as they would keep the driver more alert.

However, while we can wholeheartedly go along with Mr. Taylor's statement in regards to increasing the speed limits, we think his department is most lax in the erection of highway signs. Almost all highway signs are far too small to be readily seen at night in a fast moving vehicle.

An instance of that can be readily found on the Highway 16, at the approach of the junction of highways 16 and 43, westbound. This is a four lane highway, two lanes both east and westbound. At the approach to the place where the four a lane changes to a two lane highway at the junction westbound there is a tiny sign, which says, "Pavement Narrows", and a little farther another which says, "Do Not Pass". However, since this is a four-lane highway a vehicle can well be travelling along in the inside lane, with another car on the outside lane abreast of it; in such a case the driver on the inside lane cannot see the tiny sign by the outside edge of the pavement, and suddenly, he enters the two lane highway, and is all probability finds a car coming to wards him in the same lane.

So far, no serious accident has happened there but the makings for an accident are there. Similar conditions are to be found on many other sections of our Alberta highways. Whoever has the supervison of making and erecting the highway signs is still thinking back in the old 40- mile per hour era. Perhaps someone should inform Mr. Taylors highway sign erecting department that speeds have been increased, and will probably be increased still farther and that highway signs should be made to serve the need of that increased speed.

EXPLOSIVES WILL BEGIN biting into west bank of Peace River later this year as workers start three tunnels which will be the new route of the river starting in the Fall of 1963. A small dam will be built across the river near the upper end of the tunnels to direct water into the intake channel (shown in white) and then through the tunnels. Diversion will permit 615 foot-high portage dam to begin building in dry river bed.

Vol. 7 No. 6 February 14, 1962 A. Playford, Publisher Box 130, Drayton Valley.

Rev. Albion Wright, chairman of the Drayton Valley Red Cross group, and Mrs Gene Hadley, Red Cross Zone chairman.

D.V RED CROSS

The local Red Cross organization got together for their first annual meeting in the Council Chambers of the Town Hall last Friday, February 9th with president Albion Wright in the chair, Mrs. Gene Hadley of Stony Plain was present in her capacity as Red Cross Zone Chairman. At the opening of the meeting a film was shown, "Harry's in a Hurry", depicting a young man who felt he didn't have time to go to the blood clinic, whom a little later became a traffic accident victim, in need of blood himself.

Mr. Lyt Krauter, Campaign manager for the last Red Cross drive fund drive gave a report of the drive. Mr. Krauter said

(Cont'. on page 16, Col. 1)

BEEF FEEDING MEETING

A meeting of importance to this town and district was held in the Council Chambers last Thursday, February 8th when farmers of the district met with District Agriculturist Mr. Earl Love and Mr. S.J. McArthur, Field Supervisor, Agricultural Services Board, of the Department of Municipal Affairs, to discuss beef feeding and general livestock topics. The meeting constituted a short course in beef feeding. The local F.U.A. were sponsors for the meeting. Following the afternoon meetings the Town of Drayton Valley hosted the group to a dinner in the Cardium Room.

Special speaker for the dinner was Mr. W.C. Gordon, of the Department of Agriculture, livestock Supervisor in charge of Beef Improvement. F.U.A. representatives were present from a quite wide district around Drayton Valley; Tomahawk, Easyford, the district east of the Saskatchewan river, Violet Grove, Chip Lake, etc. Following the address of Mr. Gordon , Mayor A. Meier gave a speech of welcome to the farmers group and said how glad he, as mayor of the town, was to see them come together for a meeting, which could mean very much for the future growth and development of this district. Mr. J. Ewanio also addressed the group, speaking briefly in behalf of the Town Council F.U.A. president Maurice McCullagh, of Rocky Rapids district, answered with a few well chosen words.

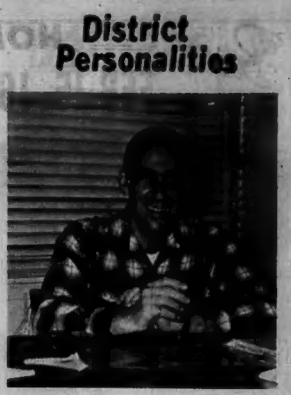
Seated at the head table were Town Council members Mr. Early Thompson, Mr. John Ewanio and Mr. C.D. Fuhr, Mayor A. Meier, Mr. Gordon of the Department of Agriculture, and Mr. Earl Lowe, District Agriculturist.

There are many more farmers in I.D. ?? than some had realized; there being around four hundred farmers listed with the Department. Each year sees more land broken for crops or hay in this district and mixed

(Cont'. on page 16, Col. 3)

Some of the farmers and wives who were present at the meeting and at the dinner that followed, on February 8th. They are, left to right, Mr. and Mrs. Coward, of the Easyford district. Mr. and Mrs. Art Smith and Mr. and Mrs. Ed. Brandt, of Violet Grove district. Mr. Otto Gunn, of Drayton Valley. Mr. D.S. McArthur, Field Supervisor, stationed in Evansburg. Mr. Maurice McCullagh, F.U.A. president, of Rocky Rapids District. Mr. Boydon Urchyshyn, of Drayton Valley and Mr. G.R. Getson, F.U.A. sub-director, District 5, of the Chip Lake district.

District Personalities



P. DUNCAN LARBALESTIER

Dunc Larbalestier was born in Calgary, and raised in Blairmore, where his father was town secretary-treasurer for some twenty-five years. Dunc, attended high school in Edmonton, at the Jesuit College. In 1943 he joined the Airforce, receiving his wings into the airforce where he attained the rank of Sergeant Pilot. He transferred in 1945 to the Royal Navy Fleet Airarm. He was stationed in England and was there at the close of the war in 1945, finishing his naval service as a sub-lieutenant, a rank comparable to the airforce rank of Flying Officer.

Mr. Larbalestier returned to Alberta at the close of the war and went to the University of Alberta in 1946, graduating in 1950 with the degree of B. Sc. in Mining Engineering. He went to the coal mines at Fernie, B.C where he worked until the fall of 1952 when he returned to Alberta and went to work for the Alberta government with the Oil and Gas Conservation Board, in their Redwater office. In late 1956 he came to Drayton Valley as Field Engineer. As soon as they arrived in Drayton Valley the Larbalestiers took part in the community life.

In 1957 Mr. Larbalestier was elected president of the Home and School. Also in 1957 he became associated with the Cub Scout organization here, serving as assistant cubmaster for one year and as cubmaster for a year and a half. When the Lions Club was chartered, Dunc was nominated as a director.

His next job with the Lions was as vice-president and from there he was elected to serve the body as president, for 1958-59. During the 1959-60 year in Lions he served as Zone Chairman.

Another of Mr. Larbalestier's loves is football, and he became a member of the Football association and of the Drayton Valley Athletic Association He coached the Eskimoes for two seasons. The aggressive little Eskis have won the League championship trophy for both years. Curling has also had keen interest for Mr. Larbalestier and he is a member of the Drayton Valley Curling Club. Representing the Conservation Board he is a member of the Pembina Planning Commission.

In 1948 Duncan married Miss Nancy Gray. Mrs. Larbalestier is a registered nurse, having taken her training in Holy Cross Hospital in Calgary. They have four children, Jeff, aged 12, Maureen, 10, Sharon , 8 and Susan 5. The Larbalestiers are members of the Catholic church. Mrs. Larbalestier is secretary-treasurer of the Community Kindergarten. When the library was first opened here she was Chief Librarian, having served in that capacity in Redwater before they moved, here.

The Larbalestiers' like Drayton Valley very much. They say they like it better than any other place they have lived since they were married. Both have become a part of the community, taking a leading part in community affairs.

DRAYTON VALLEY REBELS WIN TWO MORE BY IDENTICAL 11-1 SCORES TO RUN THEIR UNBEATEN STRING TO 14 GAMES.

February 8th,
Drayton Valley Rebels - 11
Wabamun - 1

Paced by the four goal outburst of Ron Nychka and Hans rick by Ed Schultz 'Rebels' had little trouble in posting a convincing 11- 1 Victory.

The Rebels went ahead 3-0 in the first period and added 4 more in both the second and third periods. Goalie Dennis Hadley's shutout went out of the window midway through the third period when Wabamuns Woody Woodchuk took advantage of a 'Rebels' defensive lapse to score Wabamuns lonely counter.

SCORING SUMMARY

1. Rebels- Hopfe (Wilson)
2. Rebels- Nychka (Reinhart, Redlinger)
3. Rebels- Wilson (Hissenstrumer Schultz)

SECOND PERIOD

4. Rebels- Schultz (unassisted)
5. Rebels- McGinn (unassisted)
6. Rebels- Frank (Hissenstrumer, Hopfe)
7. Rebels- Nychka (unassisted.)

Traffic accidents and death occur the year around. Safe driving is always in season.

THE TOWN OF DRAYTON VALLEY
PUBLIC NOTICE
- KEEP DRAYTON VALLEY CLEAN-

WASTE BY-LAW

This is the fourth week of the "KEEP DRAYTON VALLEY CLEAN" program. In this four weeks much improvements has been noticed; with about 80% of the residents complying with the by-law or taking steps to do so.

It is to be noted that this or a similar by-law to regulate and control the disposal of waste has been in effect since the Town was incorporated, however, more rigid adherence to the contents was not practised due to many related and unrelated circumstances. Now however, it is more practicable to follow the intent of this by-law and with the continuing support of all residents we hope that before long all will be complying to the fullest degree.

We have proceeded with our "DRAYTON VALLEY CLEAN UP" campaign as though these regulations were new for the Town and in this way it puts every one more or less on the same base. Our campaign schedule is as follows:

(1) First month- bringing the regulations and laws to the attention of the people.
(2) Next Month- more personal attention- issue courtesy tags and explain violations.
(3) Next Fortnight- Pick up and remove improper containers.
(4) Finally- issue violation tickets to all offenders.

The campaign is being spread over two and half months in order that all may have an ample opportunity to become familiar with the regulations and be well versed in the "do'es" and "don'ts" of garbage disposal.

A further report will be made to you on the 28th. February when a breakdown of the residential district by blocks will be made. How will your block be described?

REFUSE SANITATION

The objects of a refuse disposal system are threefold: -

1. To collect refuse in a speedy hygienic manner with minimum effort.

2. To dispose of refuse in a scientific and sanitary manner.

3. To reduce the cost of refuse collection and disposal to minimum consistent with efficiency and demand.

Modern conceptions of refuse sanitation have justly elevated the refuse removal and disposal service to a position similar to that granted other public utilities. A sound basis for this is seen in the fact that the service in large cities costs about 8 per cent of the total city budget and about 25 per cent of the portion of the entire budget allocated to all public works.

The collection and removal of refuse in a sanitary manner is of importance in effecting vector control, nuisance abatement, aesthetics improvement and fire protection.

The maintenance of adequate sanitary facilities for temporarily storing refuse on the premises is a responsibility of the individual householder or businessman not only is the proper storage of refuse essential from a sanitation viewpoint but the general efficiency of the entire collection and disposal system is much dependent upon the degree of individual co-operation given in this respect.

Local Bylaws are necessary to give specifications on home storage but in any refuse-sanitation programme legal enforcement should play only a minor role. The safest, cleanest, most economic system of refuse disposal depends much on your co-operation with local authority and public health officials.

Are you co-operating? Officials are anxious to improve the service by giving a little time regularly to keeping your surrounds in a tidy, hygienic condition. Remember that your are often judged by the impressions gained from your surrounds.

James Mundell,
Health Inspector,
Edson Health Unit
Edson, Alberta.

3. This is the time to start planning for that new house. Arrangements can be made at this office to have a home constructed. We have some plans that you may like. Or, if you wish, plans can be drawn to comply with your requirements. Drop in for information re. C. M. H. Corporation or V. L. A. mortgages.
4. TRAVEL - Our facilities are now complete - Fares are the same whether purchased from us, direct from the airlines or steamship companies or from a Travel Agency in one of the larger cities.
5. FOR SALE -
"C" Lot - serviced - $550.00
Low D. Commercial serviced - $850.00
"A" Lot - excellent location, frontage prepaid - $900.00
2 Bedroom house - good location, utilities prepaid, 5 1/4% mortgage - $11,300.00
3/4 Section farm land, 200 acres cleared, oil revenue - $1400.00 per year.
2 Bedroom house, no basement, $4500.00 $1000.00 cash, Bal. at $55.00 per month.
Offices, warehouse, 2 bedroom, all utilities. 1.30 acres land - $8500.00
AT BUCK CREEK -
1 - 2 bedroom house - $3000.00
1 - 2 bedroom house - $1900.00
1 - 2 bedroom house with full basement - $3500.00
6. Attn. Veterans - Information with regard to ½ acre small holdings is available and may be obtained from this office.

LETTERS TO THE EDITOR

Dear Sir:

I must commend you on your friend (Editor's Viewpoint) regarding the size of the Signs on the road, for most part these signs are far too small and should be of reflecting paint.

Also all entrances to heavy traffic lands should be leveled for at least twenty five feet, to let a person have a chance in slippery time to enter the lane.

Gordon Taylor may be wrong on the speed, proposition for a lot of this drowsiness is caused from party sickness; we know some of the fatalities in this district were certainly exhaustion and slowing up from booze binges. Your comments are benificial. Keep it up.

Fred Cameron
A Hlader
Rocky Rapids.

— — —

Dear Mr. Playford:

After reading your paper, I see that Drayton Valley is really growing, what with a new swimming pool and all. Sometimes I wish it were possible for me and my family to return to Dear old Drayton, but I guess for now that is impossible

My reason for writing to you is to inform you of the above address. We left Swan Hills as you will notice by the above address. I was transfered to Okotoks.

My address is as follows, C. J. Franks, Box 382. Okotoks. Alberta.

Thanking you and continuing to enjoy your wonderful paper, we remain your friends the Franks.

— — — —

Dear Sir; -

I would appreciate it if you would print the following in your paper.

Except for a miracle the headlines of this paper might have read 2 persons and one dog asphixiated.

Late Sunday night the local gas company received a call that a family had been over come by gas fume's . The cause was not found at once so the family was asked to move out till morning. The inspection in the morning proved the cause to be not natural gas but CARBON MONOXIDE produced by an unvented appliance.

The gas fitter who had taken out the permit for this job had run the gas lines but someone else had hooked up the appliance.

In this case some person unqualified to do gas fitting could have caused the death of 2 persons and may have put a local man out of business.

If you have been doing my gas fitting I would advise you to call a licenced gasfitter at once while you still can.

yours truly,
A. G. Chesteman.

"GUEST EDITORIAL"

In 1961 over 40,000 persons received instruction in Red Cross water safety programs. These lessons were held in the lakes and swimming pools of the province. The most successful programs have been held in the pools.

The invention of the trailer has put the province's lakes virtually in the boat owners back yard. Now thousands are going to the lakes with boats and seem to find little time to teach their children to swim. In many cases the adults are not able to swim themselves and so are not in a position to teach their children.

This situation can be dangerous unless instruction is found some other way.

Trained Red Cross instructors teach candidates who are working for beginner, junior, intermediate and senior awards. With each program complete instruction in water safety is given. The boat owner will enjoy his boating to a greater degree when he and his passengers know the fundamentals of water safety and how to handle themselves if they would suddenly be dumped into the water.

A swimming pool enables this program to be taught where all can benefit. If residents have to go to the lakes for instruction only a select group with cars and spare time are ableto take advantage of the program.

It is a known fact that swimming pools are not paying projects but in many cases the deficits quoted are grossly exaggerated due to expenses being charged to the pool, for convenience sake. when actually the expenditures have been made for other services.

Grand Prairie has had instructor courses in their own pool and so have been able to staff their pool with local young people at a low wage. With careful planning they have been able to operate at a very low deficit and are now building another pool.

Careful planning is the secret, A time should be set aside for private rentals, Jasper Place Pool is for rent every night except Sunday from 10 to 11 p. m. Last summer Stony Plain rented the pool for a month for adult swim classes. This brought in a revenue of $200. from the one project. Private clubs rent the pool after meetings or before parties . At $8.00 a hour it only costs 25 persons .35 each for an hours enjoyment and the pool has made an extra $8.00

Several swim classes per day during the holiday months with candidates paying the regular entry fee to the pool is also a source of revenue. Those holding a season ticket should still pay the fee for classes on the actual instruction is free of charge.

In 1960 maintenance cost of Queen Elizabeth pool was $2000. In a smaller town the cost would be lower. Staff might cost $2. 500 These are the main expenditures after the pool is built. With rentals, season tickets, entry fees and careful planning the cost can be kept to the minimum

The school boards build beautiful schools and auditoriums that can never pay for themselves, They are built for service alone and rightly so. Possibly it is time to look at swimming pools in the same light only that swimming pools have the added advantage that, as the people of Alberta learn to swim, the simple fundamentals of water safety and how to conduct themselves in case of an emergency in the water, they are also learning to save their lives.

Gene Hadley
Red Cross Zone Chairman
Stony Plain Zone.

Oil Wives' Meeting

Reported By Mrs. Morley Suitor

Oil Wives held their dinner meeting in the Cardium Room on Monday evening, February 12th. There were 80 members and 8 guests present, Mrs. Joyce Kay and her son Nigel were seated at the head table, guests of the programme committee.

Business dealt with was a s follows: Final plans for the dinner dance to be held Saturday evening, February 17th in the Elks Hall were announced by Programme Chairman Joan Machan. A limited number of tickets are still available and may be obtained by calling Mrs. Al King at 542 - 3195 before Friday evening. Those attending are reminded that dinner will be served promptly at 6:30 p. m.

Mrs. Machan also asked that anyone wishing to take part in the talent show to be held at the April meeting, contact her as soon as possible. The Club's singing group are practicing for this show and will meet on February 26th at 9:00 p.m. in the basement of the United Church. Any members interested in joining this group are asked to attend.

The club bulletin will be printed in March and anyone with news items for it are asked to contact Bunnie Barr at 542 - 3492 or Pat Suitor at 542 - 3045.

President Dorothy Worthington presented a small gift to Donita Bolling on behalf of the club. Mr. and Mrs. Bolling will be leaving Alberta shortly to take up residence in California. During the four years this club has been in existance, Mrs. Bolling has acted in the capacity of Programme Chairman, President and Past President. During the past year she has been our clubs representative as well as Constution Chairman on the Board of the Association of Oil Wives Clubs, this being the governing body of all clubs.

Mrs. Kay gave a most interesting talk on the Lebanon and the Holy Land. With the help of her son, she showed a sound film of desert peoples and slides of various Christian shrines and landscapes in the two fore-mentioned countries.

C.W.L. MEETING

Eighteen members and Director Rev. Father Scriven attended the February meeting of St. Anthony's Catholic Womens League.

A cheque of $20. 00 was sent to assist in the purchase of rosaries for Chile.

Due to a change in the constitution elections of new officers for the coming year will now take place in March instead of May. The nominating committee consists of Mrs. Whenham, Mrs. Moerike and Mrs. Tindel.

Hospital visitors for the month of February are Mrs. Vaugnts and Mrs. Shanley.

At the close of the meeting all the members took part in a very interesting quiz under the direction of Father Scriven.

Lunch was served by Mrs. Nutter, Mrs. Comeau and Mrs. Pratt.

ANCIENT WALL

Much of the Great Wall of China, totalling 1,500 miles, was built under Emperor Chi Hsh in the 3rd century BC.

HERE FOR You, THE COMMUNITY BIRTHDAY CALENDAR

An impressive, 21" x 11" calendar, handsomely printed in two colors on high grade stock.

THIS IS GOING TO BE THE MOST INTERESTING AND INFORMATIVE CALENDAR YOU HAVE EVER SEEN

Every person in Drayton Valley may have their names printed on the Calendar. Your name will be printed on the date your birthday falls Everyone will know the birthday of everyone else in Drayton Valley but it doesn't tell how YOUNG you are.

The Wedding Anniversaries of all married couples will be listed on the date of their anniversary with a bell after the names.

If you have a son in Military Service, his name will also be listed on his birthday, with a flag after his name.

The meetings and social functions of clubs and organizations in Drayton Valley will be listed on the dates they will be held.

ADVERTISEMENTS WHICH WILL APPEAR ON THE CALENDAR ARE:

Pembina Drug
Valley Drug
Hudson's Bay Co.
Rex's Radio & T.V.
Lloyd's Jewelry
Imperial Lumber
Ken's Mens Wear
Jensens Body Shop
Valley Valet
Douglas Hardware
Conger's Red & White
Thompson's Sporting Goods
Drayton Valley Motors.
Scona Tire.
D.V. Dental Clinic
Triple S Variety Store
A. & D. Tune-Up.

LISTINGS ARE BEING ACCEPTED BY
MEMBERS OF D. V. LEGION
KEN WARDLOW - 542-3040 Days. JIM DEAN - 542-3688 Nights.

Every Family in Drayton Valley will want one of these NOVEL calendars.

PRICE PER CALENDAR $2.00 (Includes) 1 Calendar with all Birthdays & Anniversaries listed of the immediate family.

A two million 300 hundred thousand dollar rail link from Whitecourt to Windfall is on the order paper for passage in the House of Commons this session according to an announcement from Dr. Hugh Horner, M.P. for Jasper-Edson, this week from Ottawa.

The proposed line would be built for a distance of approximately 23.2 miles from Whitecourt to the property of Pan American Petroleum Corporation at Windfall. The expenditure not to exceed the estimate by 15 per cent.

The Government would authorize issue to the Canadian National Railway of securities that will finance the construction of the line so that the railway may get started as soon as possible.

Purpose of the rail link to the Edmonton-Whitecourt branch line would be to transport sulphur for the Texas Sulphur Company who will take the by-product from the Windfall plant which has just started into limited production.

CANADA POST OFFICE

POST OFFICE ANNOUNCES DETAILS OF NEW EDUCATION STAMP.

Details of the new "Education" five-cent commemorative postage stamp to be issued February 26th, 1962 have been revealed by the Postmaster General, the Honorable William Hamilton.

The stamp depicts, as the main element, a young adult couple gazing into the future. On either side of these figures are two panels of symbolic designs representing revery field of education. Around the left, top and right edges of the stamp there is an inscription reading "Strength Through Education - Instruction fait la force." The words "Postes-Canada- Postage appear along the bottom edge, The denomination is shown by a large 5¢ placed in the top right corner. The main figures, the denomination and the wording are to be printed in black and the symbols in the background and the wording around are to be printed in gold.

In making the announcement, the Postmaster General said that the stamp would be most appropriate as it will coincide with the Second Conference on Education which is to be held in Montreal in March. The stamp will also be a tribute to Education Year which is to be feamred in 1962. Mr. Hamilton also stressed the need for even greater emphasis on education by all Canadians in order that Canada might maintain its place in an increasingly competitive world.

The stamp design is the creation of the Canadian artist Helen Fitzgerald of Toronto, who also designed the Associated Country-women of the World and Girl Guide commemorative stamps issued in 1959 and 1960 respectively.

Some 32,000,000 stamps will be printed and first day cover service will be provided from Ottawa.

Heard about the jaywalker who already had three tickets for jaywalking? One more ticket and they take away his shoes.

VALENTINE'S DAY
(Cont. from page 7, Col. 3)

At the festival, observed each February 14, young maidens deposited painstakingly-made, elaborate love missives bearing their names into a large urn. Courageous bachelors were each entitled to one draw to determine their "blind dates" for the coming year.

Denouncing this practice as a "pagan love lottery," the Christian Church set up competing lotteries in which the names of saints were drawn. But these did not make much headway with the romance-hungry swains and damsels. The love festivals continued.

During the middle ages, despite ecclesiastical opposition, "love lotteries" persisted in many European countries, say the researchers. The French called them "chance boxes" and allotted couples one year to get married or part company. In England, it was the common custom to wear the name of one's "blind dater" on their sleeve or bosom for several days. The names were often encircled by a heart.

In all, the Church fought the custom for some 14 centuries before the day gained official respectability. One of the first steps in this direction was taken by Pope Gadkins in 1496 when he dedicated February 14 to St. Valentine and made him the patron saint of true lovers everywhere.

Records indicate there were no fewer than eight saints named Valentine. Two of these were martyred on the same day- February 14, 268 A.D. One of these is said to have left a note for the young daughter of one jailer, telling her of his love and signing himself, "Your Valentine."

But it was not until about the 15th century that the custom of exchanging cards gained momentum. One of the first such missives was sent by the Duke of Orleans to his wife in 1415 while he was imprisoned in the Tower of London. After that, the custom spread throughout the Western world.

At first, say researchers, they were handmade. But with the dvent of the 19th century they were lithographed and produced in quantity. During the final decade of the last century, they burst into a full glory of elaborate, three-dimensional, mechanical greetings ranging in design from picnics in the park and cherubs to battleships. Specimens of these are included in the 40,000-card Hallmark collection.

During our century, two major changes radically alter the valentine custom. There is now a much wider range of messages and styles, and everybody-not just sweethearts -- now sends valentines. They even go to bosses and mothers-in-law.

One of the surprises of the 1960's has been the return to popularity of the elaborate, mechanicals, styled after those of the Victorian era. These "heirlooms" were re-introduced in Canada in 1961, and proved sell-outs. They are expected to be in plenty of evidence this year also.

In sharp contrast are "contemporary" greetings with their unusual brand of humor. One card shows a sophisticated lady asking, "Would you like to be my valentine?". Or have you troubles enough already?, Another announces "Valentine's Day is just for emotional slobs, like Us. Be my you know what."

Others carry more heartfelt messages such as "To Someone Very Dear on Valentine's Day, and "For My Wonderful Sweetheart." Guaranteed to give the ladies a heady feeling are mass-produced facsimiles of "original" Spanish Love Letters. Also featuring a vial of Arpege. One of these in a "contemporary" vein urges "Promise her anything but give her Arpege by Hallmark."

For youngsters, this Valentine's Day should be more fun than ever before not only because of the greater variety of cards both of the penny and do-it-yourself varieties, but because Dennis the Menace at his mischievious best has been included in this year's selection.

GREEN ACRES
(Cont. from page 6, Col. 3)

When Fattening Beef Cattle

Wheat - 1.16; 1.40; 1.83; 1.84; 2.08

Barley - .77; .83; 1.08; 1.24; 1.40

Oats - .80; .80; .70; .86; .90.

When Fattening Market Hogs

Wheat- 1.16; 1.40; 1.63; 1.84; 2.08.

Barley- .83; .96; 1.14; 1.25; 1.45.

Oats - .80; .80; .70; .80; .90.

Use the scale this way. Suppose you are fattening cattle. Suppose wheat is worth $1.63 per bushel when barley is priced at $1.00 per bushel. In this situation it would be less expensive to feed barley because it can be bought for eight cents a bushel less than its substitute value of $1.08 for fattening cattle.

Likewise, if you are fattening market hogs when oats are priced at 60 cents a bushel, then you can afford to pay 96 cents for barley and $1.40 per bushel for wheat.

Remember to relate corn to the market value of the livestock being fed. Substitution of one feed for another is no guarantee that you will make a profit if feed or other production costs are too high.

FESTIVAL OF CHOIRS
Edmonton, 1962

The Fourth Annual Festival of Choirs arranged by University Extension will be held in Edmonton on Saturday, April 7,1962 at 8 p.m. This Festival is a non-competitive "musical feast" allowing choirs throughout Alberta to hear each other, and to sing together. The Edmonton Festival will be held in Convocation Hall, the Arts Building, University of Alberta, Edmonton

Accompanists for the Festival

If any qualified person is interested, please contact Mr. Andrew Kormany.

WHO MAY JOIN?

Any choral group may apply to sing in the Festival. Address letters of application (enclosed) to Mr. Andrew Kormany, Extension Music, University of Alberta Edmonton. Please indicate the size and "specialty" of your choral group. The size of chorus, or the distribution of voices in it, is of little consequence. A wide variety of choral ensembles would be welcome: mixed choirs choirs, male choruses, women's voices only, or school choirs. The main concern is that the Festival present good choral work. Each chorus participating alone will be allowed a maximum of eight minutes.

AUDITIONS: Groups applying will be auditioned sometime prior to the Festival date, and if it is necessary to make a selection of choirs, notifications will be sent well in advance.

FEES: Each chorus member will be assessed a registration fee of fifty cents (50¢) for each adult and twenty-five cents (25¢) for school students. It has been found necessary to assess this fee in an effort to offset the cost of the Festival. We believe that choristers would rather pay a fee than see the Festival cancelled. The fees will be payable at the Festival. The public will be charged an admission fee of one dollar, high school students 50¢, children 25¢.

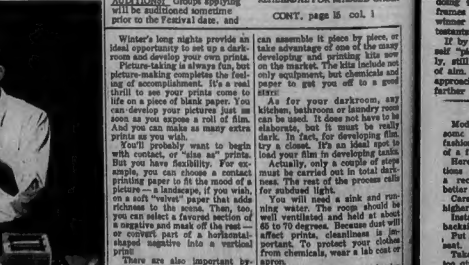
DEVELOPING AND PRINTING... A FASCINATING HOBBY



Winter's long nights provide an ideal opportunity to set up a darkroom and develop your own prints.

Picture-taking is always fun, but picture-making completes the feeling of accomplishment. It's a real thrill to see your prints come to life on a piece of blank paper. You can develop your pictures just as soon as you expose a roll of film. And you can make as many extra prints as you wish.

You'll probably want to begin with contact, or "size as" prints. But you have flexibility. For example, you can choose a contact printing paper to fit the mood of a picture -- a landscape, if you wish, on a soft "velvet" paper that adds richness to the scene. Then, too, you can select a favored section of a negative and mask off the rest -- or convert part of a horizontal-shaped negative into a vertical print.

There are also important by-products. You'll find yourself keeping better track of your growing collection of negatives and prints, especially choice negatives marked for photo-greeting cards and gift enlargements.

The equipment costs little. You can assemble it piece by piece, or take advantage of one of the many developing and printing kits now on the market. The kits include not only equipment, but chemicals and paper to get you off to a good start.

As for your darkroom, any kitchen, bathroom or laundry room can be used. It does not have to be elaborate, but it must be really dark. In fact, for developing film, try a closet. It's an ideal spot to load your film in developing tanks.

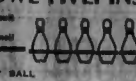
Actually, only a couple of steps must be carried out in total darkness. The rest of the process calls for subdued light.

You will need a sink and running water. The room should be well ventilated and held at about 65 to 70 degrees. Because dust will affect prints, cleanliness is important. To protect your clothes from chemicals, wear a lab coat or apron.

Anybody can learn to develop and print pictures. Look over the necessary supplies at your favorite photography shop. With just a modest outlay, you'll be able to deliver good prints from your next roll of film.

HOW TO BOWL FIVEPINS

By Bert Gervais and Jim Mack
Chief Bowling Instructors
Double Diamond Advisory Council



FOUR WAYS TO AIM THAT BALL

A perfect grip, a balanced stance, a smooth delivery -- in bowling, all these combine to make the ball go where you aimed it.

That just leaves the bowler with the problem of how to aim correctly. It is probably the most controversial problem in bowling. There are at least four recognized methods of aiming -- Direct Pin Bowling, Line Bowling, Shadow Bowling and Spot Bowling. Each system has its avid adherents.

Both of us are enthusiastic spot bowlers, and strongly recommend this system.

To choose the method that gives the best results for your particular style of bowling, you should understand what each system involves. So, with special stress on the virtues of spot bowling, we'll outline all four methods.

DIRECT PIN BOWLING

By far the highest percentage of bowlers instinctively adopt the "Direct Pin Bowling" method as soon as they start bowling.

Since the object of the game is to knock down as many pins as possible, it just seems natural for a bowler to keep his eyes and his attention fixed on the pins, and forget about everything else.

In direct pin bowling, you should concentrate on the base of the pin, where the rubber band goes around it, to give yourself the largest possible area to aim at. When delivering the ball, you keep your swing and follow-through in direct line with the pin.

To scatter the pins best, and give you the best chance of a strike, the ball should strike in the "pocket" on either side of the headpin. For a "perfect strike," one half of the ball should collide with half of the headpin.

For this reason, many bowlers aim at the side of the headpin, instead of directly at it. This is a mistake. At a distance of 60 feet, nobody can aim that accurately at that small a target.

Instead, you should try to "pick" the headpin out with a predetermined spot. Even if you "pick" the headpin, don't be discouraged. This means your aim is perfect. You must hit the headpin to score a strike. By the law of averages you will get a strike much oftener than you "pick" a pin.

Although "picking" a headpin is one of the most annoying hazards in bowling, it is very hard to do deliberately. It is so difficult, in fact, that in a recent "Headpin Tournament," with many of Canada's best bowlers trying to hit the headpin dead centre, a bowler who succeeded in doing it seven times out of 30 frames he bowled was an easy winner over the other 160 contestants.

If by chance you do find yourself "picking" headpins excessively, still don't change your point of aim. Instead, try starting your approach a little closer or a little farther back from the foul line.

* * *

Modern housewives -- at least some of them -- have some old-fashioned ideas about the design of a family car.

Here are some of the suggestions the auto makers offered at a recent annual conference on better living:

Cars are too low -- make them higher.

Install a "blanket rope" on the backside of the front seat.

Put side pockets in the back seat.

Take out the carpeting -- it gets too dirty.

Bring back the running board.

* * *

Because no ball is bowled in a perfectly straight line, a slight shift backward or forward will usually change the point of impact just enough so you no longer hit the headpin right on the centre.

If this doesn't help, shift slightly to one side or the other of the lane. If you still have "headpin problems" write us, care of this newspaper, telling us precisely how you deliver the ball.

VALENTINE'S DAY

Started In Rome

VALENTINE'S DAY CUSTOM NOW SECOND ONLY TO CHRISTMAS

Valentines -- ornate, simple, sentimental, humorous -- will soon be wending their way through Canada's postal system to sweethearts, friends, and relatives coast to coast.

Valentine sending has become so much a part of that day of days for lovers that February 14 stands only second to Christmas as a card-sending occasion.

Historians are divided as to exactly how the custom began. However, according to researchers with the Coutts Hallmark Historical Collection, the practice is believed to date back to ancient Rome's Feast of Lupercalia, dedicated to the pastoral God Lupercus and the goddes of Love Juno.

GAS CO. ANNOUNCE APPOINTMENTS

D. K. Yorath B. F. Willson

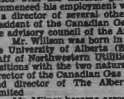
At meetings of the boards of directors of Canadian Western Natural Gas Company Limited and Northwestern Utilities, Limited, it was announced that D. K. Yorath, who has been president of these two Alberta utility companies, was appointed chairman and principal officer following the retirement of H. R. Milner, Q.C., as chairman. B. F. Willson, formerly executive vice-president, was appointed president and chief executive officer. Mr. Milner was appointed honorary chairman of the boards of directors.

Mr. Yorath was born in London, England, and came to Canada in 1913 and to Edmonton in 1920. He has been associated with the natural gas industry since 1934 when he commenced his employment with the two Alberta utilities. He is a director of several other Canadian Companies, a past president of the Canadian Gas Association and a member of the advisory council of the American Gas Association.

Mr. Willson was born in Edmonton and is a graduate of the University of Alberta (B.Sc. Civil Eng.). He joined the staff of Northwestern Utilities in 1946 and has held several positions with the two natural gas utility companies. He is a director of the Canadian Gas Association and a vice-president and director of The Alberta Gas Trunk Line Company Limited.

Mr. Milner became associated with the two Alberta natural gas utility companies in 1923 and has been the principal officer of these companies since 1932. He will continue as a director of both companies.

COOKING MAGIC



Mrs Rae Gedder, B.Sc.H.E.
Home Service Director
Tested Recipes and Meal Planning Ideas Prepared for Pembina News Advertiser Readers by the Home Service Department of Northwestern Utilities, Limited.

Sweet yeast breads are very versatile. They can be served any time of the day, as dessert for any meal or as a delicious snack.

HUNGARIAN COFFEE CAKE

1 cup milk
1/3 cup sugar
1 pkg. granular yeast
4 cups sifted all-purpose flour
1/3 cup shortening
1 tsp. salt
2 eggs

Scald milk, add shortening, sugar and salt. Allow mixture to cool until lukewarm and add the yeast, Stir until the yeast dissolves. Add 1 cup of the flour and beat thoroughly. Cover and set in a warm place to rise. When light, add the beaten eggs and the remaining flour. To make the braided coffee, cut three equal portions and roll between the palms of the hands until it is about 1 ½" thick and 20" long. Press the ends of the strands firmly together. Bring these together to form a circle. Put in a greased pan and set aside in a warm place to rise until the dough has doubled in bulk. Brush with melted butter, Twist with one 2 tbsp. sugar, 3 tbsp. cinnamon and 2 tbsp. chopped nuts and bake in hot gas oven (450 o F.) for 20 minutes.

SWEDISH TEA RING

1 recipe refrigerator dough
2 tbsp. softened butter
¼ cup brown sugar
1/4 tsp. cinnamon
1/4 cup blanched almonds
1/4 cup citron strips
1/4 cup raisins
egg white

Roll dough into oblong sheet 1/4" thick. Spread with butter, sprinkle with brown sugar, cinnamon, almonds, citron strips and raisins. Roll tightly to press in the fruit. Roll up like jelly roll, join end to form a ring, cut with scissors and shape. Glaze top with egg white. Let rise, Bake in 400oF. gas oven for 30 minutes.

REFRIGERATOR DOUGH:

2 pkgs. granular yeast
¼ cup lukewarm water
2 tsp. sugar
2 cups milk, scalded
1/2 cup sugar
2 tbsp. butter or shortening
2 tsp. salt
2 beaten eggs
6 cups sifted all-purpose flour
Soft butter

Dissolve sugar in lukewarm water and then sprinkle with yeast. Let stand 10 minutes then stir well. Add sugar, salt and shortening to scalded milk. Cool to lukewarm and add to yeast mixture, Next, add beaten eggs and stir in 4 cups flour. Beat thoroughly, then add 2 cups flour and as much more flour as can be stirred into the dough without making it necessary to knead. Brush the surface of the dough lightly with oil or butter, cover tightly and store in gas refrigerator.

WALNUT BUTTER TWIST

1 ¼ cups sifted all-purpose flour
1 tsp. salt
¼ cup shortening
1 tbsp. sugar
2 pkgs. yeast
1 ¼ cup sifted all-purpose flour
½ cup scalded milk
1 tsp. grated lemon peel
1 tsp. vanilla
3 well-beaten eggs
1 cup chopped walnuts
½ cup sugar
Candied cherries.

Sift flour, measure and sift with salt; cut in shortening till mixture resembles coarse crumbs. Add sugar to milk; cool to lukewarm, add yeast and leave for 10 minutes. Stir and add to flour mixture, beat thoroughly. Cover and let rise 20 minutes. Add remaining 1 ¼ cups flour, lemon peel, vanilla and eggs. Beat vigorously. Place in oiled bowl. Grease top of dough, cover and place in gas refrigerator for 45 minutes. Remove and cut in 1-inch pieces. Roll into 5-inch pencil-like strips, let rest 10 minutes, then brush with milk. Dip in mixture of walnuts and sugar. Twist into figure "8's". Place on greased cookie sheet. Let stand for 5 minutes. Top with cherry. Bake in 425oF. gas oven for 12 minutes. Yield: 2 dozen rolls.

GREEN ACRES

by Earl C. Lowe, District Agriculturist.

PROVINCIAL WEED ESSAY WINNER

Heather Engstrom, of Tomahawk, Alberta, is the provincial winner of the weed essay contest, sponsored annually by the North-Central Weed Control Conference.

Miss Engstrom's 1000 word essay entitled "How We Control Weeds on Our Farm" was chosen as the winning essay from many others submitted by 18 municipalities in the province. The $300 scholarship, also sponsored by the North-Central Weed Control Conference, went to John Paul Issa of Missouri, U. S. A.

In addition to winning the $25, provincial prize, Miss Engstrom received an attractive cash prize from the municipal district of Stony Plain through their Agricultural Service Board.

Judges for both the provincial and scholarship competitions commended Miss Engstrom on the high calibre of her essay and the Alberta Department of Agriculture send their congratulations to her on her very fine effort.

FEED GRAIN SUBSTITUTION

It has been shown through research and practical experience that some feeds can be substituted for others in the feeding of various kinds and classes of farm animals. There are limits, of course, in the quantity of certain feeds that should be fed to a particular group of animals, so decisions must be used in applying this principle. However since it is possible to substitute one kind of feed for another in all or part of some rations, the question arises as to what price a farmer can afford to pay for the different kinds of feed.

Agricultural economists co-operating with animal scientists have worked out the following scales which may serve as guides to the relative prices you can afford to pay for wheat, barley and oats as feeds for three common groups of farm stock.

When Feeding Dairy Cows
Price per Bushel

Wheat - 1.00, 1.20, 1.40; 1.4
1.60, 1.80
Barley - .60, .76, .96 ; 1.13 ; 1.28, 1.44.
Oats - .50 ; .60 ; .70; .80; .90

The Peril of Drifting

Therefore we must pay the closer attention to what we heard, lest we drift away from it. — Hebrews 2:1. (RSV)

By Rev. Harold E. Berry

Taken From the Family Herald

One of the grave perils of which the Sacred Word warns us is the tendency to drift away from the important teachings and ways of the better life. It is not a deliberate thing, but rather a process which is gradual, the result of the unconscious within us.

The Christian writer in the text is enjoining his readers to have a watchful concern for the good and holy things they have learned, lest in the forgetfulness of human nature they should slip away from them. It is a practical word of counsel for today. We know what drifting is and does, how in silent and steady motion an object is carried along on a stream until it disappears from sight. In the higher sense, the concern here expressed is that all the thoughtful may give earnest heed to the valued advice and guidance they have received lest in the distractions of life it should drift away from them.

Drifting may be a danger in both the personal and the national life. Many lives have been brought to their undoing not because of some temptation or crisis, but because they have been weak in willpower, and have allowed themselves to go downstream all the time. There was nothing specific to point to. They just drifted into failure and trouble. No man ever believed he would become an alcoholic. He just started drinking at a party, found himself in the grip of a craving he could not resist. No one ever thought he would be a steady gambler. He just bought an occasional ticket on some race or chance sale, and continued taking larger changes until the practice had become an obsession and brought him ruin. So it is with all immoral ventures that lead to loss of character.

In Lloyd George's story of World War 1, he said: "After long musings the nations went to war and who was responible, the impression left upon my mind is one of utter chaos and futility. Amongst the rulers and statesmen one can now see clearly that no one wanted war. We just drifted into it."

LIFE WITHOUT A GOAL

When we consider why people succumb to this fatal tendency to drift, the first reason would seem to be the lack of an objective or goal. Very many people have no other answer about the meaning of life than that which adds to their personal pleasure and gain. To have a good time, to make lots of money, to add to their material possessions, these are the important things. Beyond these they have no ambition or desire, and no sense of a destiny.

The Christian veiw lifts the eyes above the worldly and material aspects to the real purpose for which life was given. It has a goal of happiness through the service of others. It thrives through selfdenial. And therefore it has no place for aimlessness or careless drifting.

Indolence is another cause of drifting. It's much easier to follow the crowd to take the way of least realtance, than to stand against the obstacles on the road to virtue.

Tolstoy once likened himself to a man in a boat crossing a wide swift stream. Tiring from the strain of oars, he joined other boats which were comfortably gliding down the stream without oars, But after riding for a time he heard the roar of rapids ahead and saw boats being shattered. He found how foolhardy he was to drift, and seizing the oars, pulled back against the stream and towards the farther shore. As he reached it, he knew that life was renewed in him, and that God had given him oars to reach his destiny.

It is always much easier to drift with the stream than to use our God-given powers to reach the better goals of life. The Christian way is not for the indolent, but for those who strive and steer their course toward the goals that are worthiest.

A third cause of drifting is lack of vigilance. The captain of a ship checks his course hourly. With the instruments at his command he constantly takes his bearings, and approaching shallow ster will take many soundings A wise suggestion about life's course. Are we sure about the charts that are guiding us, and about the safeguards we are making?

THE INDISPENSABLE NEEDED

C.S. Lewis, in one of the late books says that we need to be continually reminded of what we believe. In order to have Christian belief remain alive in the mind, it must be fed. That means that there must be constant resort to the sources of our Faith, to the Bible, and the teaching of the Church. We need to take account of that compelling word of Jesus, "Watch for unless we are vigilant we soon begin to lose our moorings to the things which are eternal.

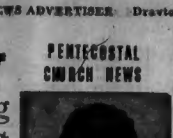
And it is so easy to mistake the eternal for the temporary, and vice versa, so easy to imagine that because something has importance for us at a particular moment that it will always have importance. How often have we voluntarily been deaf to the beautiful sounds of nature or been too lazy to go out and look at the stars at night? How often have we missed the sunrise?

There are always those great and important decisions which bind our life to God and the Christian alignment. The first of these is to choose some regular time each day to remember God, to think of his untiring goodness, and to adjust our lives to Him in quiet devotion. It is so easy to let this practice slip by. It is very possible to drift on through the teenage years and later life without making an acknowledgement of the Christian faith in the membership of the church. Seasons of special privilege often come to us, days and time of opportunity for self-culture, and much of our happiness will depend on our seising of these times and using them before they drift away.

There is no discoverable way of bringing back lost opportunities for time an d tide wait for no one, It is a solemn thing and yet a gracious thing that there is nothing that stands still in time, nothing that is helped by postponement if it is worthwhile at all. Everything that is a duty is strictly the duty of the hour, or of the day.

This is the call of the servant of Christ, to the early believers. It is the urgent call to the wise of today.

PENTECOSTAL CHURCH NEWS



COMING TO DRAYTON VALLEY

Miss Lydia Williams, a colored lady evangelist from Winnipeg, Manitoba, will be conducting a series of special meetings in the community. Miss Williams has pioneered and opened a number of churches in Northern Manitoba where she has had a successful radio ministry. She will be at the Drayton Valley Pentecostal Tabernacle for ther first services on Sunday, February 18th at 11 a.m. and 7:30 p.m.. Her other speaking engagements are as follows:

BUCK CREEK COMMUNITY HALL
Tuesday, February 20th, through to Friday, February 23rd at 8 pm.

DRAYTON VALLEY PENTECOSTAL CHURCH.
Sunday, February 25th at 11 am, and 7 pm. Tuesday, February 27th. Friday, March 2nd, at 8 p.m., Sunday, March4 at 11 a.m, and 7 p.m.

Everyone is cordially invited to come out to hear her minister the Word of God.

THE BIBLE TODAY

RELEASED BY THE CANADIAN BIBLE SOCIETY. Auxiliary of the British and Foreign Bible Society.

A report from Cuba states that for the first six months of 1961, double the number of Scriptures were circulated than in the same period of the year before. The 605,000 volumes which were circulated is almost the total estimated distribution for all of 1961

In Costa Rica, 150,000 houses were visited and over 100n000 Gospels distributed by the effort of the whole Protestant population. Tireless efforts in training laymen, publicity, local evangelistic meeting, Bible schools for children and the house-to-house visitation produced the above surprising results.

The Institution of Bible Society work in Columbia as a separate agency of the British and Foreign Bible Society and the American Bible Society, rather than as a sub-agency of Venezuela, was celebrated by a special service in Bogota, at which the Reverend L. E. Holmgren, executive secretary of the American Bible Society was the special speaker. Members of the secular press were present and one of the leading papers published a full account of the service.

Scripture distribution in Columbia now ranks third in the Spanish speaking Latin American countries. Distribution in the month of May, 1961, totalled 117,600 copies of the Word of God.

Looking at Recreation

By Michael Gormley
Recreational Director.

1962 SCHOLARSHIPS

Scholarships are again available this year for those wishing to acquire a degree in Recreation or Cultural Development. Those scholarships ranging from $100, to $500.00 are offered by the Department of the Provincial Secretary of the Alberta Government. Eligible cnaddidates are requested to apply at the earliest opportunity. The scholarships cover six different fields of endeavor, dauma, arts and crafts, librarianship, music, recreation and outdoor education.

Drama scholarships are open to all Albertans working in the field of drama who have adequate background, some indication of promise and a comprehensive idea of their future plans. References, of course, are necessary and only applicants planning on entering a recognized drama school or university will be considered. Over and above this, all applicants must be at least eighteen years of age to be eligible. Music scholarships plans are set up on a very similar basis with the understanding that the student will attend a recognized school of music , university, or study under a fully recognized private music teacher.

In the relm of visal arts and crafts scholarships of $100, 00 to $400, 00 will be awarded to promising students intending to enroll in the Alberta College of Art in Calgary; the Department of Fine Arts of the University of Alberta in Edmonton or any other approved courses. art schools or ainiversities of the individual student's choice. Similar scholarships are available to students entering in the Faculty of Education, majoring in art at the U. of A. or any other approved university.

In librarianship three scholarships up to $500, 00 each will be awarded to Albertans having graduated from a University of recognized standing with at least a Bachelor's degree or students in their final year and who expect to graduate with the forementioned recognition. A genuine interest in books and people and some previous experience in library work are also prime requisites.

Scholarships in the amounts of up to $500, 00 are available to persons presently employed in or planning to enter the recreation profession as directors, co-ordinators or supervisors. These attracti ve scholarships are open to University graduates who wish to take post-graduate training in a course that will increase their competency to organize and operate recreation programs. They are also open to high school graduates enrolling for a degree course in recreation as well as students entering their graduating year in Physical Education, Arts and Science (Fine Arts, Psychology, or Sociology) who intend to provide leadership in general recreation programing on either a full or part-time basis. Candidates for those scholarships must have shown an active interest in Recreation through provision of leadership in that field, show above scholastic ability and submit required references regarding desirable personal liabits and character traits.

Finally for Athletic and Outdoor Education scholarships, up to and including the sum of $500, 00 is available to candidates wishing to further their education in this relm of leisure time leadership. This monetary assistance is open to any University graduate who wishes to take specialized training br post-graduate work in a specific athletic activity or course that will increase their competency as coaches or recreation workers. Also eligible are Physical Education students entering their third and fourth year at the University of Alberta, or any other approved institution providing those people intend to provide leadership in the area of athletics or outdoor recreation after their graduation. Finally, any individual working fi the field of recreation in Alberta who wish to receive highly specialised training in any specific activity in order to increase his or her competency luthe fiaHd may apply for those scholarships.

The one condition under which any and all the forementioned scholarships are granted is a clear indication that the student will return to practice fits or her chosen profession in the Province of Alberta. This would seem extremely fair to me. since those scholarships are coming out of Provincial funds it is expedient that some remumberation should be made in the way of a period of service within the province when the individual is ready to go to work.

Here is something for our young people to think about, especially those graduating from high school. You have the choice of a multitude of careers and one of them is in the field of recreation. If you feel attracted to this profession. if you have leadership qualities and enjoy working with people, if you have a burning enthusiasm to help people and especially young people and some imaginative and creative power, then the Recreation profession might just be for you. One thing if you are looking for an easy life without too many worries forget about Recreation or any activity relating to it. I guess it would be best expressed in the words of the former heavyweight boxing champion, Jack Dempsey, when a young fellow asked him what he thought of the fight game. He answered, "Son. it's a tough racket and you must love it to keep at it". I would say the same of Recreation. It is not an easy life and a person has to like it to stay with the trade, but it has its rewards. Like in Education, the Recreation leaders does his part in developing human personalities which is bound to offer some satisfying results over the years.

If anyone is interested and would like any further information about those scholarships in any relm of recreational activites give me a call or drop around to the office. I will.try to fill you in on the details.

TOWN CALENDAR

COMMUNITY LIBRARY HOURS: Tues 12-1 p.m. and 3:30 - 5pm. 7:30 - 9 p.m. Fri. 3:30 - 5 p.m. HOME AND SCHOOL MEETING- Fourth Monday of each month in Elementary Auditorium.

Thurs. FEB. 22 - "THE ALAMO" John Wayne, Richard Widmark, Laurence Harvey, Richard Boone.
Fri. Feb. 23 - "THE ALAMO" Technicolor. co-staring- Frankie Avalon, Linda Cristal, Joan O'Brien, Chill Wills.

Under George Midgley and Bill Ward the Comets rode to a 6-1 victory over Devon Friday evening at the local rink and made it 5-3 in Devon on Sunday to take the first round of the Provincial Playdowns, 9-6. The Comets go on to meet Edson in the zone finals which will be played on a home and home basis next weekend. The Edson team defeated Barrhead 10-8 on the round to qualify for the finals.

In the Provincial Playdown competition in which a local team was involved the Pembina Pipeliners traveled to St. Paul where they dropped from contention losing 11-1 and 11-4 in a pair of weekend games. The powerful St. Paul outfit which looks like the Juvenile team to beat in Alberta had the edge from start to finish. The local squad played well but could not match the artistic passing patterns of the Northern team.

In Pee Wee exhibition play Stan Luchak's D. V. Horel Oilers dropped a pair on home ice. Saturday the little fellows fell 3-1 ahead of Ed Sterling's Brennis Service team from Jasper Place. Sunday afternoon saw the Oilers drop a 4-3 overtime contest to the Haseldean Homets of one of the Community League in Edmonton. In Sunday's game the Hotel team woes five second away from victory when the visiting team tied the score. in overtime the Hazeldean squad hit a torrid pace to take the close game with a late goal. The Oilers will enter the proposed zone palydowns involving team from Devon, Jasper Place, Whitecourt and Barrhead. The semi-finals will be played off here next Saturday and the finals will be decided a week later in a two game total point playoff. It has not been decided yet where those games will be played. It is expected, however, that in order to save time and travel both games will be on the same day and on the same ice.

In the other two games the D. V. Klippers dropped an 8-1 game to the Wabamun Kikwatts on Saturday and went down 10-0 ahead of a fast hard-driving Hazeldean Midget outfit Sunday afternoon. So in the overall picture things were not quite as rosy as they have been in past weeks. However, the boys gave it all they had in every case and certainly no one has anything to be ashamed of. In fact the effort, the competitive spirit and the sportsmanship displayed was something of which to be really proud.

NOTHING BUT THE TRUTH

by Russ Arnold

SCIENTIFIC CLERIC

William Conybeare, the noted English geologist who died in 1857, was also a clergyman and dean of Llandaff, Wales.

California is the second largest gas-consuming state in the Union.

"Fashion is what a her does to a hem to get a him."

This nice old man explained: "I am getting older, and my memory is not so very good, so I stick to the truth closer. That way, it's easier to remember what I said last time."

A porpoise has no outside ear, but a tiny hole just behind each eye permits it to hear under water.

Chamber of Commerce Meeting

Last Thursday evening your local Chamber of Commerce held a meeting in the Town Council Chambers. There were seventeen members present.

The minutes of previous meeting were adopted as read on motion of J. Bright.

Since this was the first meeting since the awarding of the Christmas Tree Prizes the meeting was informed of the results of the Christmas Tree Prize selection.

Prizes were awarded as follows:

1st. Prize- P. Noho..
2nd. Prize - Bert Demers
(a tie) S.C. Lucas
3rd. Prize - John Moodie.

A discussion was held regarding, the inactivity of the Chamber and how best to re-activate it. It was generally felt that we should not let the Chamber dissolve, and that Chamber work should be sparked in the fields of Town and District promotion. It was the consensus that a Seminar on Chamber work would provide the required incentives and direction s to improve and brighten our local Chamber work.

A motion was passed directing that the Election of Officers for this year be postponed until the next meeting and that in the meantime the Provincial Chamber executive be requested to send a Seminar out to Drayton Valley.

The meeting adjourned at 9:35 p.m.

Iowa is a Sioux word meaning "one who puts to sleep."

W.I.G.C.

THE DRAYTON VALLEY HUMMINGBIRDS . W.I.G.C.

Reported by Jean Weldon.

The February meeting of the Drayton Valley Hummingbirds was held at Peare Pawlick's home on Saturday, February 10rd with 14 members and 1 visitor present.

Roll call was answered with a homemade valentine. The girls are asked to bring used valentines and greeting cards to the March meeting for roll call. These are to be sent for distribution in hospitals and rehabilitation centers.

Mrs. Nordby presented the club with the official Club Charter.

Mrs. Baxter has kindly offered to help with the sewing of club uniforms if anyone needs help.

Mrs. Nordby went over the competition list and Handicraft list for the Olds Conference next summer and each girl was given a copy of the handicraft list. They are asked to keep these lists for future reference.

After the business meeting Mrs. Weldon insmuctad the girls in back weaving.

Velda Thompson was in charge of the entertainment and Christin Olsen won the contest.

A delicious lunch was then served by Pearl P awlick.

Between 1954 and 1960 the proportion of Canadian women realizing the importance of early treatment of cancer rose from 80 to 87 per cent. The improvement was largely due to the education program of the Canadian Cancer Society. Support the Society during its April campaign.

THE HUMBYS—by McClelland

Women's Open Bonspiel

The Drayton Valley Ladies Curling Club held their annual bonspiel beginning the evening of February 9th and continuing on through February 10th and 11 th. A total of 24 ladies rinks participated. Visiting rinks were present from Red Deer, Edmonton, Devon, Leduc, Breton, Fort Saskatchewan, Tomahawk, Stony Plain and Lodgepole, as well as local rinks who were not regular club members.

Following is a list of prize winners in the 3 events.

FIRST EVENT (Grand Challenge) trophies donated by Pembina Pipe Line.

1st Prize- Mrs. L. Mathews. Red Deer.
2nd. Prize- Mrs. D. Timcoe, Thistle Club, Edmonton.
3rd . Prize- Mrs. B. Clendenning. Devon.
4th Prize, Mrs. B. Stevenson. Drayton Valley.

SECOND EVENT- Trophies donated by Rex's Radio and T.V.

1st. Prize- Mrs. McInnes, Leduc
2nd. Prize- Mrs. N. Evanio, Drayton Valley.
3 rd. Prize- Miss N. Stone, Balmoral Business Girls Club, Edmonton.
4th Prize- Mrs. L. Hansen, Entwistle.

THIRD EVENT - Trophies donated by Matlock Trucking.

1st. Prize- Mrs. I. Strong, Fort Saskatchewan.
2nd. Prize- Mrs. D. Boger, Drayton Valley.
3 rd. Prize- Mrs. E. Amdt, Stony Plain.
4th Prize- Mrs. L. Neilsen. Breton.

Consolation prize donated by Frank's Wire Line was won by Mrs. B. Casey's rink for the team playing the most games without gaining entry into the prizes.

The following businesses were also donors in cash or prizes towards the bonspiel.

Meier's Insurance; Imperial Lumber; Drayton Valley Hotel Cafe; Northwestern Utilities; Drayton Valley Motors; Atlantic Wire Lines Ltd; Crown Lumber; McFarland Lumber Yards; Jansen's Body Shop, Dr. Ian Waugh; Devon Jewellry; Hudson 'a Bay Company, Lloyd's Jewelry; Dutch's Beauty Shop; Pembina News Advertiser; Petrolia Bowling Company; Drayton Valley Hotel; Tripde S. Variety; Stevenson's Hardware and Valley Dmg.

FESTIVAL OF CHOIRS
(Cont. from page 6, Col. 8)

Each choir will be instructed individually in the interpretation and tempi of each number before the Festival. Rehearsal will be held at 1 p. m. on the day of the Festival.

ITEMS FOR MASSED CHOIR SINGING:

Selections for the Massed Choir will be made at each choral group as soon as possible after the application forms are received. The repertoire for the Massed Choirs will be: "To God Give Thanks and Praise" - Bach; "All Glory, Laud, and Honor" - Bach; "Had We but Hearkened" -Davies; and "With a Voice of Singing" - M. Shaw.

We heartily encourage each choir to purchase the music! This will be helpful in building a good Music Library. Please indicate on the application form the number of copies desired for purchasing.

FORWARD APPLICATIONS IMMEDIATELY SO THAT THE MUSIC FOR MASSED SINGING MAY BE SENT TO YOU AS SOON AS POSSIBLE.

Anglican Youth Group

A new Youth Group was formed in Drayton Valley last Saturday evening when the Anglican Young Peoples' Association got underway under the able leadership of Mr. and Mrs. Malcom Cambridge.

The group will meet every second and fourth Saturday at 8:30 p.m. in the Anglican Parish Hall. On the third Sunday of each month the fgroup will meer for their regular corporate communion, in the church. followed by breakfast served in the Parish Hall.

All young persons in their teens, from age thirteen to nineteen are welcome to attend the Young Peoples' Association meetings in the P arish Hall.

Scoop's Notebook

Back in form was the Wilson family line when young Alan Douglas was born to Corporal and Mrs. Skip" Wilson, of the Drayton Valley R.C.M.P. detachment. The young man weighed in at 8 lbs. and 7 oz. on arrival at University Hospital on January 26th.

He was welcomed into the family circle by sister Lori Ann aged 3.

His sizer, Lori Ann was a quite unique young lady when she was born to Corporal and Mrs. Wilson, Lori Ann was unique inasmuch as she was the fine female born into the immediate Wilson family for some four generations. In Skips' immediate family there were three boys, no girls, in his fathers' family there were four boys/ no girls, into his grandfathers' family came five boys. no girls, and his Great-grandfathers, who started the whole thing, also had five boys and no girls.

Needless to say that when Lori Ann arrived to start out Skip's family her advent was hailed with great joy by the Wilson side of the family. P.S. Of course, wee Douglas Alan received a very warm welcome also.

Back in Drayton Valley for a visit were former residents Kenneth and Danita Boling. The Bolings had just returned from an extended trip to the midwestern and southern states. They chalked up about fourteen thousand miles on their speedometer before returning to this part of the country.

Ken and Danita have purchased a house in Santa Maria, a coastal city in south-central California and they plan to move their furniture down to the southern city. Goodluck and God bless you as you go.

Mrs. Demskie was a recent visitor to Drayton Valley. Mrs. Demskie is Mrs. Alyce Sanderlyns' mother. The Demskies' homesteaded near here a quarter of a century ago. They knew the oldtimers, the Dodson's, the Plotts, Halmar Ramstead and all the rest.

Bringing to full svength the Drayton Valley R.C.M.P. detachment, Constable John Janzen arrived from Edmonton to assist Corporal Wilson and Constable Murdock. Constable Janzens home is in Oliver, B.C.

It is the first time that the local R.C.M.P. force has been up to the full strength of a three-man detail in a long time.

Joan Hunter recently resigned her position as receptionist in Dr. Shimbashi's office to go back to Alberta College. Joan plans on taking up a nursing career as soon as she has mastered a couple of grade twelve subjects she is lacking.

ELKS CHILDRENS DANCE

The annual children's dance sponsored by the Elks Lodge and the order of the Royal Purple was held last Saturday at the Elks Hall. It was attended by over two hundred children. This year the dance was planned on a Valentine's theme and all school children from grade one to twelve were invited to come bringing their parents with them.

The hot dog stand was a popular spot and the ladies of the Royal Purple were kept busy filling orders. Those helping included, Margaret Matoon, Marion Palmer, Vera Hazzard, Betty Starling, Lilian Mayhew and Vernice Lindskoog. J. Hazzard served the pop. assisted by Rose Pare.

Margaret Matoon and Jack Starling acted as judges and awarded prizes of heart shaped boxes of chocolates. Gary McMorris won the door prize and Maureen Larbalestier won the prize for the best dancer. Prize for the smallest couple on the floor went to cute little Claudette and Bernard Parenteau.

During the evening Bob Simons called a square dance and with adults helping the smalled children to join in. Music was provided by Reg Ross and his group, the Rivlers.

The party was a great success, judging from the comments of the children. who are already looking forward to next years dance.

Elks members and ladies of the OORP were particularly pleased to see so many parents there and hope that it will become a Drayton Valley tradition for their annual dance to be a family party.

SCOUTS NEWS

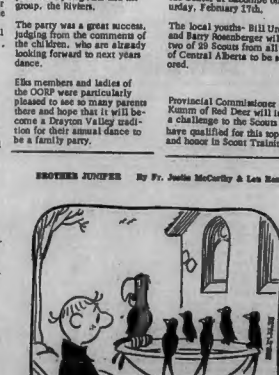
Two members of the First Drayton Valley Boys Scout Troop will bepresent

Two members of the First Drayton Valley Boys Scout Troop will be presented with their Queen Scout certificates by Hon. J. Percy Page, Lieutenant Governor of Alberta, at a special Queen Scout Recognition Ceremony to be held at the Memorial Center at Lacombe on Saturday, February 17th.

The local youths- Bill Urchybyn and Barry Rosenberger will be two of 29 Scouts from all parts of Central Alberta to be so honored.

Provincial Commissioner Ernie Kumm of Red Deer will issue a challenge to the Scouts who have qualified for this top grade and honor in Scout Training.

BROTHER JUNIPER By Fr. Justin McCarthy & Len Rose



"... But they say they don't WANT to go back to Capistrano!"

KNOW YOUR Canada

AN ENCYCLOPEDIA CANADIANA

WHO WAS NEWFOUNDLAND'S LAST P.M. BEFORE UNION?

Frederick Charles Alderdice, who was prime minister in 1934 when Newfoundland switched from responsible government to commission government in order to weather the storms of the depression and the prospect of bankruptcy. The island retained this type of government until confederation with Canada in 1949. When the Commission of Government was instituted, Alderdice was appointed vice-chairman and commissioner for home affairs and education. He was born in Ireland in 1873. At the age of 14 he came to Newfoundland to work for the Colonial Cordage Co. By 1922 he had become vice-president and managing director of the company. In the summer of 1928 he became prime minister and leader of the Conservative Party on the retirement of his cousin, W. S. Monroe, but his party was defeated in an election that summe. A 1932 he became prime minister once more. Alderdice died in St. John's in 1938.

* * * * * * * * * * * *

During the recent blizzard a helpful Albertan saw an elderly gentleman poking with his cane into the piled-up snow banks at the curb. Assuming the man to be blind, the helpful one immediately offered his assistance: "Can I help you across the street?"

"No, thanks," replied the pedes. "I'm looking for my sports car."

* * *

The "it's-safe-to-pass" wave of the arm — traditionally used by drivers of slow-moving cars and trucks — may soon be a thing of the past, especially on U.S. highways.

Recently, the Minnesota Supreme Court, ruled that a person giving such a signal is responsible if an accident occures as a result of the hand signal.

Hudson's Bay Company

Drayton Valley, Alberta

D.V. RED CROSS
(Cont. from page 1, Col. 3)

that about $1100. was raised in Drayton Valley, 1961 quota set by Red Cross headquarters for Drayton Valley was $1500, The 1962 quota has also been set at $1500, Mr. Krauter reported that the overall response to the campaign had been very good. He cited the case of one company, Pembina Pipe Line, who matched their employees donations dollar for dollar, Treasurer Jim Cusnin gave a financial report for the group. Reports were also given by Mrs. Jahnke Chairman of the Blood Donor Transfusion Service and by Mrs. McKillop, convenor for the Blood Donor Clinic.

The Blood Donor clinic held last May had an objective of 800 donors; there were 296 donors during the clinic's stay in Drayton Valley. However, the October last fall clinic fell down considerably of its quota, With an objective of 300, there were only 238 donors for the fall clinic. Dates of the two Clinics that the Red Cross will hold in Drayton Valley this year were announced. They will come on Monday, May 7th and Monday September 17th;

Mrs. Pickup Chairman of the Disaster Relief Committee gave a report on that department.

Officers for the coming year were nominated, President for the coming year is Rev. Wright, 1st Vice president is A. Playford 2nd vice president is Lorne Klapp, 3 rd, V.P. is Mr. Jahnke and 4th v.p. is Mrs. McKillop Secretary will be Mrs. Betty Bellveau, Treasurer, Jim Cusnin. Campaign Chairman is Lyl Krauter; Chairman of the Blood Donor Service board is Mrs. Jahnke, and chairman of the Disaster Relief Committee is Mrs. Pickup.

Directors are to be chosen from three groups in Drayton Valley, the Lions, the Elks and The Rotary Club, Lodgepole will be represented on the board by Mr. Elliott. Violet Grove by Mrs. Charles Schnieder, Easyfor by Mrs. Inez Oscar and Rocky Rapids by Mr. Earl Kelly.

Mrs. Hadley then gave a very interesting talk to the group. She listed many of areas of service where Red Cross operates. As well as the well-known free blood transfusion service that Red Cross provides where transfusions are necessary there are many other places in which Red Cross serves. without charge. She told of a young man of nineteen who suffers from Haemophilia who has received so far a total of 250 pints of blood from the Red Cross service.... Otherplaces in which Red Cross serves are Disaster Relief. In case of fire they give room and board for the burned-out family for a period of 48 hours. figuring that within the initial 48 hour period welfare agencies of various kinds have a chance to come to the aid of the stricken family. They supply sickroom supplies. They teach handicrafts to those suffering from disabilities.. Among other places in which they serve is in their Lost Family service. in which they trace missing people on a world-wide basis. Junior Red Cross is another of their services. Perhaps one of the more important services also is the fast-growing Water Safety Service.

Mrs. Hadley stressed that never under any circumstances had the Red Cross ever sold their services or supplies. They have been given freely where needed. She stated that perhaps at some time recipients of Red Cross supplies might have turned around and sold the. but the Red Cross itself always supplies its services and goods free of charge.

At the close of the meeting an very excellent film on mouth to mouth resuscitation was shown. giving various nuances in which this method of water rescue may be used.

BEEF FEEDING MEETING
(Cont. from page 1, Col. 3)

farming is growing is growing increasingly more important to the district as a whole. The meeting that was held last week was the first of many others. The Town has given the farmers group the use of the Council Chambers whenever they need it for a similar meeting.

February 11
Onoway - 1
Drayton Valley Rebels- 11.

In a league game played in Onoway on very rough ice, the understaffed Rebels (who started out with only 2 forward lines and three defencemen, until coach Ramey Germaniuk arrived on the scene to make it two complete changes) put up a very spirited display of hockey to swamp Onoway -11-1

Big guns for the Rebels were Ed Schultz and Jim Wilson who both scored Hattricks. It was Ed Schultz second hattrick in as many games.

Due to the shortage of players Jack Warr was moved from right wing to defence and played an outstanding game.

Like many other Alberta motorists driving in the United States, you have probably wondered about the sign often seen on the outskirts of a town: "Green River Ordnance Strictly Enforced."

As the Rocky Mountain Motorist points out, drivers are confused. Should they slow to 25 miles an hour? Give pedestrians the right of way? Lock their car when parking? Avoid fishing? Or buy Green River at their friendly drug store or corner tavern?

The answer: It's an ordinance prohibiting door-to-door selling and solicitation, based on a 1935 U.S. court decision. Green River is a town in Wyoming. But the sign has probably been responsible for more than a few wifely warnings to "slow down a little, Henry." And who knows, maybe it's even prevented an accident or two.

TOASTMISTRESS CLUB

Mrs. Margo Meier, Mrs. Muriel Mckure, Mrs. Doris Kerr, Mrs. Peggy Tyler, and Mrs. Shirley Tolchard.

Toastmistress Club members held their preliminary speech contest here on Tuesday, February 13th. Speech contest chairman Sunao Shimbashi scored as teller, Marie Albert was timekeeper and Olga Brown officiated as Toastmistress during the contest. Toastmistress Peggy Tyler opened with Icebreakers on a Valentine theme, asking each Toastmistress to stand up in turn and relate an amusing or interesting anecdote remembered from the day her husband proposed.

Following a brief business meeting, Olga Brown took over the meeting. She explained that there were nine members present qualified to enter the contest. Each of the contestants had been telephoned 48 hours before the contest and given three subjects from which to choose the title for her speech. Time for the speeches was set between three and five minutes.

First speaker was Margo Meier, her subject, 'Mercy Killing'. Speaking against euthanasia, her main arguments were, the daily advances made by medical science and the sixth commandment; 'Thou Shalt not Kill.'

Kathy Wills followed with the title, 'Employed Mother', and discussed different arguments commonly used both for and against the working wife.

Freda Wright gave a convincing plea, 'Let's Build Tables not Walls.' All through the history she said, from Jericho to Berlin, walls, including walls of

The Mayor's Message

As a resident of Drayton Valley since 1954 I am happy that I have had the opportunity to play a part in the rapid growth and development of our town. I think it is fair to say that you, the citizens of Drayton Valley can be justly proud of your town.

You may be assured that your members of the town council are exerting every effort to promote further growth and development so that the future of Drayton Valley will remain as secure as it is at the present time,

Adrian Meier.

SIX YEARS AGO

Things were happening fast in early 1956. The town, as related elsewhere was just getting off on its own, after having been changed from the status of a village to that of a town, and was in the process of setting up its own self-governing machinery. The Pembina Drug Building had recently been completed by Odd. Sands Construction and the Drug Store opened for business during February of that year. Valley Valet Dry Cleaners got into operation that same month, and so did Ann's Fashions O. H. Williamson was completing his negociations with Mr. Milner to purchase the dry goods store on the corner, and Lloyd's Jewelry was in the process of moving to its present location.

Feverish activity was the rule about that time for the Drayton Valley Boy Scout C committee, which was preparing to stage the first Ice Carnival. Lodgepoles pioneer store had started. Fix's Store, operated by Frank "Fix" Leadley. Violet Grove was also a thriving community at that time. Among the many events that were taking place at that time was that of the group who were meeting to formulate plans for the first Rodeo to be held in this area.

In that scene stepped the Pembina News Advertiser, publishing the first issue February 2nd, 1956. Among the first news stories we carried in that first issue was the news of the Ice Carnival, and the second edition February 9th. carried pictures of the Ice Queen candidates.

There were five, they were the Misses Joyce Humphries, Gladys Larsen. Maxine White, Irene Beckley, and Joy Ann Patterson.

The first paper also carried an account of three inquests that were held by Coloner Dr. Brooks One was into the death of a man that had been killed while working on a rig in the Cynthia area, the second was into the death of a man who was aphyxiated while he slept in a bunkhouse, also in the Cynthia district. The third was an inquest into the death of an eighteen month old child who was burned to death in a trailer fire just west of Drayton Valley.

Queen Scouts Honored

Drayton Valley's two top scouts were among twenty nine honored when Hon. J. Percy Page, lieutenant- governor presented them with their Queens Scout certificate in a ceremony at Lacombe on Saturday.

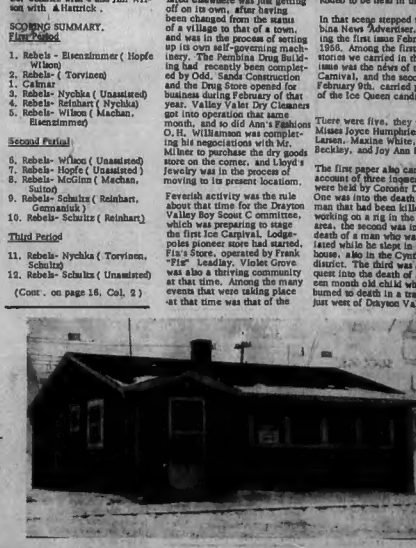
Barry Rosenberger and Bill Urchyshyn are both grade ten students here and have been in the scouting movement for nearly four years.

Bill's parents, Mr. and Mrs. Bohdan Urchyshyn were pioneer residents in this district. Bill has lived here all his life. Mr. Urchyshyn was a boy scout here a number of years ago long before the present company was formed.

Barry, whose parents are Mr. and Mrs. Clayton Rosenberger has lived in Drayton Valley for five years.

The boys were accompanied to Lacombe by their parents, scoutmaster Fred Tookey, and two flag bearers from their scout troop, John Bright and Dennis Wilner. Mr. Walter Krause a member of the Scout group Committee also accompanyed the party to Lacombe. Over three hundred people attended the ceremony where principal speaker Emie O. Kumm told the scouts that the Queens Scout Badge represented service above casual giving.

It is hoped that more of our scouts will be inspired to work toward their Queen scout badge.



The Department of Municipal Affairs Administration Building. The First Town Hall.
